By using your GPS on any online mobile device, you are able to locate shops, restaurants and other venues.

Recommendations

You can recommend favourite shops and places in your area to be reviewed as potential additions to the discount network.

Choose

There's a wide range of offers to choose and save from.

Easy

The offers are located in one place and available on any mobile device.

PERSONAL DOCTOR

Available on call 24/7

Through NAvigate's VIP medical care package, there is a qualified doctor (GP) available 24/7. All you have to do is call.

No cost at all

NAvigate offers a medical helpline, as well as the benefit of a doctor's webcam consultation, at no extra cost.

No waiting time

You get valid answers from qualified doctors just by calling and asking for advice via telephone or an examination via webcam.

Webcam consultation

Webcam consultations allow you to interact with a doctor online from anywhere.

Email prescription

Now, you can simply call the doctor available, request a consultation via telephone or webcam and the doctor will prescribe any necessary medicine & prepare a prescription.

FITNESS & NUTRITION

Improve health

You can browse through the latest research articles written by experts. Learn more about the flu, how to maintain a healthy way of life, or about psychological issues that may affect you.

Fitness

Find a gym, leisure centre, yoga studio or fitness camp nearby and get signed up at rates designed to save money.

Social care & health news

Look up medical conditions explained by experts and find out which social care services are near (hospitals, pharmacies, dentists, etc.). Explore your rights to social care and support.

Reliable advice

Experienced doctors provide articles, usually sourced from medical journals and professional organisations.

Tools, apps & podcasts

Get off the couch and start running, kick the smoking habit, cook and eat healthy. Simply check your blood pressure, mental health and more - all with daily support and motivation.

HELPLINE & SUPPORT

A valuable service

Easy and immediate access is available, for you and your family, to a personal helpline in our VIP wellbeing package. Reduce the pressures faced, at work or at home, on a daily basis.

Professional counselling

Expert counsellors are ready to listen and help whenever their support is needed, regarding emotional and

practical issues including: illness, bereavement, stress at work, family or marital problems, addictions, struggling with debts or legal matters.

Confidential 24/7 helpline

Whenever in need, you can either call on our call free phone number or use our clickto-call service on a mobile device 24/7. The service is completely private and strictly confidential.

CARE SUPPORT

For those who support children and take care of ageing parents, it is a stressful undertaking that consumes time and energy, as you juggle career and care for your loved ones.

NAvigate provides you with a care support service that lifts this burden, relieving you of stress and restoring your work-life balance.

Help and advice

NAvigate's care support is there to help you explore possible options for taking care of your loved ones, including:

- Practical support
- Financial support
- Emergency care services
- Technology & care services
- Preparing for hospital
- Coming home from hospital
- Changing care home
- Legal support

A solution for all care needs

Care support is a service that helps you find the best advice, support, and products for your loved ones' care needs.

You are guided through a vast range of options to choose whatever suits their needs best. Minimise the time and money to search for this support.

A dedicated expert

The expert advisors are always at your disposal to help you navigate through the most suitable care options, just a phone call away.

Professional advice tailored to every need

The advisors will support you on a case-by-case basis to find the best possible solution for you and your loved ones.
